Check the given String Palindrome or not Program

```java
package test.com;
import java.util.*;
public class javaTest {

    public static void main(String[] args) {
        Scanner sc = new Scanner(System.in);
        String rev =" ";
        String org;
        System.out.println("Enter string: ");
        org=sc.nextLine();
        int len=org.length();
        for(int i=len-1;i>=0;i--) {
            rev=rev+org.charAt(i);

        }
        if(org.equals(rev)) {
            System.out.println("is a palindrome");
        }
        else {
            System.out.println("not a palindrome");
        }

        // TODO Auto-generated method stub

    }

}
```

o/p:

Enter string:
hi
not a palindrome
